Attention: All seniors who like to read!

Do you like to read? If you do, you are invited to participate in a research study about reading and older people. You must also be:

- 70 years of age or older
- willing to have your interviews audio-recorded

The study will require two conversational interviews that will last anywhere from 40-60 minutes each. The interviews will be audio-recorded.

The first interview will focus on your personal life history, your reading interests and your life as a reader. The second interview will be a follow-up and will be scheduled about two months after the first one.

The interviews will be scheduled at times and in places that are convenient to you. There are no known risks associated with this study. Please note that your identity will be kept private and confidential.

For more information, please contact:

Dr. Paulette Rothbauer
Faculty of Information & Media Studies
The University of Western Ontario
